OUR SERVICES

When you come to us, we like to take the time to get to know you, your family, and your loved one. Once we have spent time with you, listening to your stories and memories of your loved one, we can design and create bespoke flowers that reflect your time together. We'll learn about your loved one, their favourite colour, favourite flower, what they loved to grow in their garden, and what was in their wedding bouquet, for example, and tailor the designs to incorporate these special details into the arrangements.

Whether you need arrangements for a church, a memorial space, or personalised floral tributes, our team is here to guide you. We offer a variety of styles from traditional funeral bouquets and casket sprays to posies, wreaths, and custom letter tributes, tailored specifically to your wishes.

We believe that it's all about creating personal tributes that genuinely speak from your heart. We are here to listen and advise you every step of the way, ensuring that your floral tributes are not just beautiful but deeply meaningful.

FLORAL ARRANGEMENTS

We understand how flowers play an important part in saying goodbye; it's like a final gift to your loved one.

Whether you're drawn to traditional options or something unique and personal, we'll help you create the perfect floral arrangement that reflects their personality and life.

The staff at Beau Fleurs were amazing. They took over an hour of their time to listen about our Dad so they could capture his personality and our wishes in his funeral flowers. The flowers on the day were fantastic and exceeded our wishes.
